DEVESA ARGENTINIAN BEEF

Our story begins in Argentina in 1840.

At the heart of the pampas cattle raising region in Argentina, 12 ranches provide both world class pasture and grain resources to feed our cattle.

Our cattle receive a locally grown and carefully prepared feed ration designed to produce a rich flavour and achieve the required marbling we are famous for.

All cattle are carefully selected and monitored to ensure they meet the most demanding international standards.

Our beef is exported to the most exclusive and demanding markets in the world. We have extensive, far reaching partnerships in the European Union, USA, Brazil, China, Singapore, South Africa, Hong Kong, Chile, Peru and Switzerland, among others.
